

Release Notes

v8.0

August 24, 2016

Updates

Description	Product/Connector
The Inbox and the Invoice Details page have been updated to maximize the size of the document.	All
The behavior of the dropdown fields in the Invoice Details has been updated to use typeahead search.	All
Manual Card payments are now correctly recorded against an account of type "Credit Card" from the accounting system, rather than against an account of type "Bank".	All
Required fields on the Invoice Details are now validated upon "Save" rather than only at the time of posting. Prior to posting the invoice, the validation is a warning message only and can be bypassed by the user if necessary.	All

Connector Update Required?

*Cloud connectors (Intacct, NetSuite, QuickBooks Online) are updated automatically. No action is required by the end user.

Connector	Update Required?
QuickBooks Desktop	No
Microsoft Dynamics GP	No
